📍 sion , Mumbai city

PROFILE

- Proficient in front-end technologies such as HTML, CSS, and JavaScript, with experience in building responsive and user-friendly web interfaces.
- Strong back-end development skills using frameworks like Django and Node.js to create robust and scalable server-side applications.

SKILLS

- Web Designing
- Java
- MERN Stack
- Front End Coding
- DSA & Problem-Solving
- Python
- Strong Communication
- numpy,pandas

PROJECTS

NNOTE

A notes app made using MERN Stack

<https://n-note.vercel.app/>

Developed a feature-rich note-taking application with a visually appealing interface, offering users a seamless experience in organizing and managing their notes. One of the standout features of the app is the extensive collection of cool sticky colors and fonts, enabling users to personalize their notes and make them visually captivating.

METATUNES

A music player app made using MERN Stack and firebase storage

<https://meta-tunes.vercel.app/>

With this app, users can now enjoy a personalized music experience like never before. They have the freedom to like their favorite songs and curate their own playlists,. I have also implemented an innovative feature that allows users to choose between private and public playlists.

EDUCATION

SECONDARY SCHOOL

SIES High School
